Thursday 6\textsuperscript{th} February

Thank you to everyone for a smooth transition to school. The children have settled into school really well and they are learning lots of new routines. It is great meeting you all and I look forward to hearing all about your child following the completion of the School Entry Assessments. I will make a time to talk to you.

- Thank you to those who have returned the blue sheet titled “All About Me” and the Student Questionnaire.

- **Morning/Afternoon routine** – please continue to say goodbye and pick up your child from our line up area, not in the breezeway or corridor. This helps your child to learn the new routines of the classroom and develop independence. They are showing how clever they are by taking their shoes off and on by themselves and unpacking their bags.

- It takes approximately a month for children to learn and be able to follow classroom routines and as you know yourself, it is very tiring learning new things.

- A reminder that it is very important for you to provide a quiet day on Wednesdays for your child. It is a big change for them to come to school and concentrate for the entire day and they need plenty of rest and sleep.

- If the weather is forecast to be over 30\textdegree, slurpies are available from the canteen for $1. Please send along in a named bag so it doesn’t get lost.

With thanks, Jody Thomas
